IN RETROSPECT

The sand is slowly trickling through and it will soon be time to turn the hour glass and start another school year. Where did 1975-76 go? What events are covered in the sand of the glass? Are these happenings worth uncovering and remembering, or should they lie buried there?

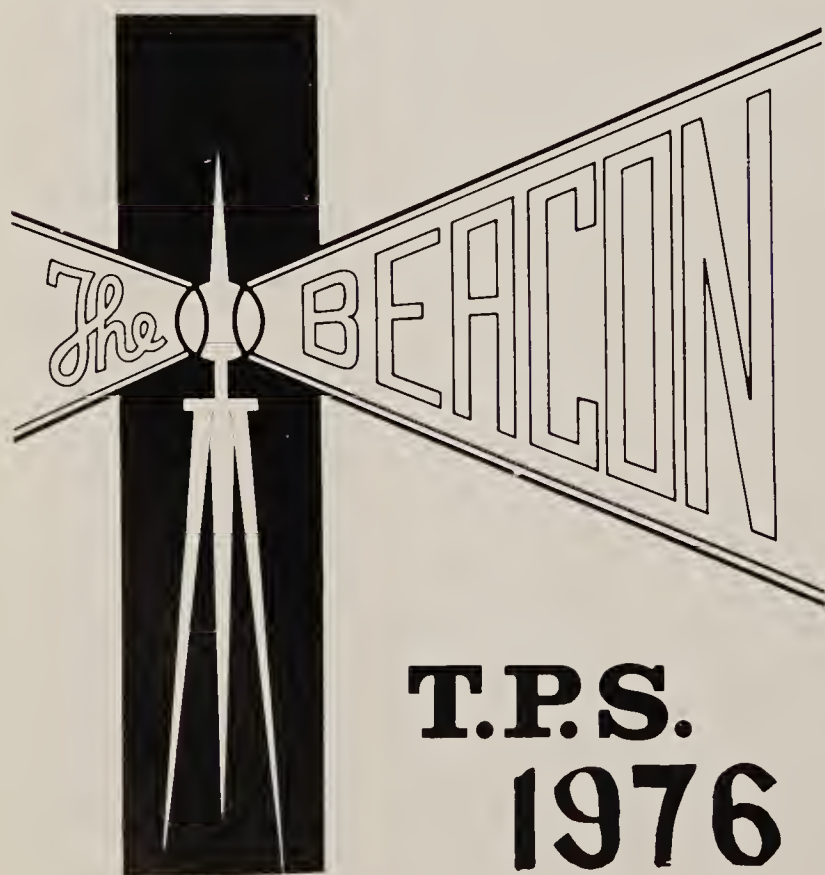

As we ask ourselves these questions, let us remember one thing--in many respects, all school years are alike. School is attended each day. Teachers present their subject and their knowledge of it. Students choose to accept the knowledge, study it, retain it, build on it or reject it. Cultural activities such as music, art, drama and publications are offered and students either participate or choose not to. Athletic events are scheduled, and again students have a choice--try for the teams or sit in the stands. This year was no exception--students made their choices. The student, who chose to participate in one or more of these areas, has the satisfaction of knowing that he at least tried. This student has begun to lift himself above the masses. The student who chose to give nothing of himself, will remain as he is now--merely a face in the crowd, going nowhere, doing nothing.

Tennessee Preparatory School presents a wonderful opportunity for going somewhere and doing something. The academic program, the vocational programs, the cultural activities scheduled, the extra-curricular activities, the well-trained faculty and administrative staff, the diligence and interest of the many employees outside the actual school walls all combine to make most any goal set by a student attainable. Only time will tell which students chose the better way.

The BEACON Staff has tried to present a panorama of events of

1975-76 into which much time, effort, energy and enthusiasm has gone, and much courage was required to finish it. We hope the scenes recorded here give you pleasure.

As always, to those of you who are departing the campus, our wishes for good health, success and happiness go with you. To those who will be returning, try not to continue wallowing in a sea of indecision but learn to make the choice which will open up new avenues of triumph for you to tread. Choose to better yourself! Look to the coming school year with joy, anticipation and eagerness! Have a nice summer wherever you are! Take care! Be happy!

Coach Baylor,

To a wonderful person. you a nice friend.
your great to be around when you need some-
one to talk to. At least you ~~are~~ ^{are} to me. I
think you are very understanding and
considerate. you said to tell the truth, well
I am. I'm not just writing this for exercise
to my hand. I mean it. If anyone ever
needs a friend or someone to talk to, they
should come to you.

May you be able to cope with the driver ed
students. I hope you don't have too many
heart attacks or nervous breakdowns. After all
I would like to see you live a lot longer.
But watch out I'll be in there someday. Then
that's when you'd better really start working ^{HA!} ^{HA!}

It's been nice having you as a homeroom teacher.
I think you are the best of them all. I have
enjoyed going to church with you at Woodbine.
I hope I can enjoy many more happy times
in the future.

Remember stay nice and handsome and strong
like you are and life will bring you many
blessings. Remember God loves you and I
do too. ~~And~~ And you've been a blessing to me.
you may be 45 but you don't look a day
over 35. But like they say you're as young as
you feel. Just stay looking young.

God Bless you always. you're a wonderful
person, and I love you as a real close friend.
In Church and school. Love ya always Vickie
means

Coast.

It has been
a nice experience in
Drivers Ed. I wish I
could have took it all
year. It seemed hard first
but I finally got a little used to
it & I hope to improve someday.
I wish you luck in the future
with other students.
